No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they

cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c,

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information:

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tuppa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tuppa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tuppa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gunge,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasures laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight:

" Dewau Gunge,	3 ditto.
" Bugwah,	3 ditto.
" Gowalpara,	3 ditto.
" Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

Fort William, Home Department, Legislation,
the 11th September, 1847.

The following Act is passed by the Hon'ble the President of the Council of India in Council on

the 11th day of September 1847, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XV. OF 1847.

An Act for the Survey of Lands in the Town of Calcutta, within the Local limits of the Jurisdiction of Her Majesty's Supreme Court of Judicature.

Whereas it is expedient that a correct Survey should be made of all lands in the Town of Calcutta within the local limits of Her Majesty's Supreme Court of Judicature:

It is therefore hereby enacted, that it shall be lawful for the Governor of Bengal to appoint an Officer to Survey the lands situate within the said local limits, and such Officer shall proceed to Survey the same and to register the names of the owners and occupiers thereof as far as they can be ascertained, and such Officer shall, by public notification, invite all persons owning or occupying lands and tenements within the said local limits to appear before him in person or by duly constituted attorney at whatever place within the said limits his office may be held, and to bring with him all Potraha, Ground Rent Bills, Bills of Sale, or other writings requisite for the ascertainment of the past and present boundaries of such lands.

II. And it is hereby enacted, that the said Officer shall for the purposes of this Act have full power and authority at all reasonable hours in the day time to enter or to direct his Subordinate Officers to enter into and upon any land or tenement within the said local limits, and in and upon the land on which any house, building or other erection is built or building or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at law or suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry into, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided, that such Officer or Subordinate Officers shall not enter upon any lands or tenements which

may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so. Provided also, that if any action shall be commenced in the Supreme Court against any such Officer or Subordinate Officer for any entry made or other thing done under the authority of, or in pursuance of this Act, it shall be lawful for him or them to plead the general issue and to give the special matter in evidence.

III. And it is hereby enacted, that if any person at any time shall obstruct or molest the said Officer or any of his subordinate Officers in the performance and execution of his or their duty, or any thing which they are required to do by or by virtue of in consequence of this Act, every such person so offending shall be guilty of a misdemeanour and shall on conviction before a Magistrate for the Town of Calcutta forfeit and pay for every such offence any sum not exceeding 200 Rupees.

IV. And whereas such notification as is directed by Section 1 of this Act, may not in all cases be effectual, it is therefore hereby enacted, that it shall be lawful for the Surveying Officer to cause any person owning or occupying lands or tenements within the said local limits, or his Agents or representatives, to be served with a special notice under his official seal and signature, stating the purpose for which the attendance of such person is required, and any document essential for the purposes of this Act which such person is to bring with him and the period within which such person is to attend, and if such person cannot be found the notice shall be affixed to his usual place of residence if that be within the said local limits, or if not, then on the Premises to be surveyed. Provided always, that no person shall be required to produce any Title Deed which such person may object to produce.

V. And it is hereby enacted, that for any investigation connected with the purposes of this Act it shall be lawful for the Surveying Officer by writing under his hand to summon any person whatsoever to attend as a witness at a time and place to be specified in such Summons, and that every witness so duly summoned to attend as aforesaid, who shall not attend, or who attending shall refuse to give evidence on oath or solemn affirmation or declaration, or to answer all such questions as the Surveying Officer may legally demand shall be liable to be attached in the Supreme Court upon complaint made in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VI. And it is hereby enacted, that any witness examined before such Surveying Officer shall be examined upon oath, which such Surveying Officer is hereby authorized to administer. Provided always, that in all cases wherein a solemn declaration or affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an oath, the said Surveying Officer shall substitute such solemn declaration or affirmation for an oath.

VII. And it is hereby enacted, that any witness wilfully and knowingly giving false testimony on oath or solemn declaration or affirmation before such Surveying Officer shall be deemed guilty of wilful and corrupt perjury.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they

cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 *tolas*. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tuppa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tuppa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tuppa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information :

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows :

Burrisaul,.....	200 Miles.
Dacca,.....	300 „
Seraj Gunge,.....	400 „
Dewan Gunge,.....	450 „
Bugwah,.....	500 „
Gowalpara,.....	550 „
Gowahuttee,.....	600 „

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Calcutta,

	Per Foot.	Per Seer.*
To Burrisaul,.....	8 Ans.	6 Pie.
„ Dacca,		
„ Seraj Gunge,		
„ Dewangunge,	12 Ans.	9 Pie.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for
cheats of Indigo and maunds of Sugar is
assigned to you on the Registered No.
of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	3 hours.
" Dacca,	4 ditto.
" Seraj Gunge,	4 ditto.
" Dewan Gunge,	3 ditto.
" Bugwah,	3 ditto.
" Gowalpara,	3 ditto.
" Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasures may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark “per Express,” and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark “per Express” on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of “Newspaper Offices” in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked “per Express,” or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked “per Express,” but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 *tolas*. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrissaul.....	200 Miles.
Dacca,	300 "
Seraj Gunge.....	400 "
Dewan Gunge,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrissaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, *the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person.* Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Calcutta,

	Per Foot.	Per Seer.*
To Burrisaul,.....	8 Ans.	6 Pie.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

"The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	3 hours.
" Dacca,	4 ditto.
" Seraj Gunge,	4 ditto.
" Dewau Gunge,	3 ditto.
" Bugwab,	3 ditto.
" Gawalpara,	3 ditto.
" Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark “per Express,” and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark “per Express” on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawki, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of “Newspaper Offices” in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked “per Express,” or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked “per Express,” but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 „
Seraj Gunge,.....	400 „
Dewan Gunge,.....	450 „
Bugwah,.....	500 „
Gowalpara,.....	550 „
Gowahuttee,.....	600 „

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing case and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 2 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure Laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 25 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Calcutta,

	Per Foot.	Per Seer.*
To Burrisaul,.....	8 Ans.	6 Pie.
„ Dacca,		
„ Seraj Gunge,	12 Ans.	9 Pie.
„ Dewangunge,

„ Gowalpara,		
„ Gowahuttee,.....		

For intermediate distances upwards for Goods not shipped in Calcutta, 3 annas per foot, and 2 pie per seer or 1 pie per pound, will be charged for every 100 miles.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

	Up.	Down.

* Goods will be charged by European or native weights, as they are entered in the Controller's or in the Steam Agent's Office; the charge per lb. will be half that per seer.

† Exclusive of the Groom or Keeper, who is to be considered a Deck Passenger, and charged as such according to the usual rate. The Shippers are to supply the food, and be at the expense of making the Stalls.

If brought down to the Presidency are charged 2-3rd of the upward freight.

Freight on Treasure.

To Burrissaul or Dacca,..... ½ per cent.
To any distance beyond, ¼d ditto.

Intermediate ditto Two Pie per mile per thousand.

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the 1 I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrissaul,	3 hours.
" Dacca,	4 ditto.
" Seraj Gunge,	4 ditto.
" Dewan Gunge,	3 ditto.
" Bugwah,	3 ditto.
" Gawalpara,	3 ditto.
" Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the

Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

A bag of Sugar or Saltpetre ditto ditto Anna 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

By Order of the Superintendent of Marine,

M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertised, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 1st

December 1847; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all loss and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 1st December 1847, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 1st December, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 14th December 1847, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1846-47, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs,

Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity above mentioned, the following quantities more or less of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned the entire quantity of about 31,315 Chests of Behar and Benares as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by

selling it at a Sale to be held expressly for the purpose.

"Art. 6th.—With regard to the Trade in "Opium it is agreed between the high contracting parties that at each of the periodical Sales of that Article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests herein before-mentioned; the requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

CECIL BEADON, *Offg. Secy.*

General Orders by the Right Hon'ble the Governor General of India.

Simla, 18th September, 1847.—The Eighteen Regiments of Irregular Cavalry, now forming a component part of the Bengal Army, having been reduced to 500 Sowars each Regiment, the Right Hon'ble the Governor General is pleased to order that such of these Regiments as have not hitherto belonged to the Military Establishment shall be transferred to it from this date, and placed under the orders of His Excellency the Right Hon'ble the Commander in Chief.

The Governor General also directs that the system of employing one or more Regiments of Irregular Cavalry, exclusively in Civil Duties, shall, for the future, cease; and that the Irregular Regiments now so employed, viz. the 5th, the Bundelcund Regiment and the 15th, and all other Regiments which may hereafter be so employed, shall be periodically relieved in the same manner as any other Regiment, and in no case employed in such detached duty for a longer period than 3 years, nor be again thus employed until all

other Regiments of Irregular Cavalry shall have performed their tour of Civil Duty.

The Bundelcund Regiment of Irregular Cavalry will take its place in the List of Irregular Regiments between the 9th and 10th Regiments, and will be numbered the 10th Regiment, the present 10th becoming the 11th, the 11th the 12th, and so on throughout the remaining Regiments.

When Regiments of Irregular Cavalry are employed on Civil Duties, it is clearly to be understood that the Military Authority in all matters of discipline, interior economy, promotion, enlistment of Men, and the providing of Horses, shall rest solely with His Excellency the Commander in Chief.

On the other hand, the Commandants of Regiments thus employed will at once comply with any requisitions which they may receive from the Civil or Political Functionaries of the District for any Duty whatsoever, without waiting for the sanction of the Military Officer in Command, who will not interfere with the directions given by the Civil Officer. If the order of the Civil Officer involves a permanent alteration in the distribution of the Regiment, the Military Officer will report to his Military superior, the orders he has received.

Monthly Returns of the strength and distribution of Regiments employed on Civil Duty, will be furnished periodically to the Civil and Political Functionaries.

Many instances having lately occurred wherein appeals against decisions of the Military Auditor General have been submitted for the Orders of Government, without due care having been taken to ascertain that the appellants had complied with existing regulations, and considerable inconvenience having resulted from these irregularities, the Right Hon'ble the Governor General is pleased to re-publish the following Orders:

2. His Lordship further directs that every Officer, the whole or any portion of whose bills may be retrenched or disallowed by the Military Auditor General, shall invariably furnish, through the Pay Department, such reply or explanation as may have been called for, or as may seem calculated to induce the Military Auditor General to pass the sums retrenched or disallowed; and no

Officer shall submit an appeal until, after consideration of the explanation afforded, the Military Auditor General shall have refused either to pass the claim, or to refer the question for the decision of Government.

3. It is further directed that, in all cases, authorities forwarding for the consideration of Government appeals against decisions of the Military Auditor General, shall satisfy themselves that such explanations or replies have been afforded by Officers on disallowance or retrenchment, and that the Military Auditor General has subsequently declined either to pass the items or refer the case himself to Government; a distinct notice to this effect should invariably be entered in every letter forwarding an appeal.

The duties of the Military Auditor General's Office being frequently obstructed by an extreme negligence on the part of Officers against whom retrenchments are made, in delaying to reply to them for a period far beyond that which the Regulations of Government prescribe, the following Extract from M. C., dated the 22d September 1785, is republished for general information to the Army :

"The Auditor General's decision for audits can only be laid aside by Government; his audits are to be irrevocable, unless representations against the retrenchments be made to him, through the channel of the Pay Master's Office, within two months after the Pay Master shall have notified them to the parties concerned."

"The proper channel of communication with the Government, on the subject of retrenchments, is through the Officers of Pay and Audit, and any deviation from the prescribed course, besides its irregularity, is productive of delay and inconvenience. It is only when the Military Auditor General objects to forward an appeal, that other means should be sought for obtaining the decision of Government."

Simla, 20th September, 1847.—The following announcement from the Foreign Department, is published in General Orders :

"No. 2185, dated 13th September, 1847.—Dr. M. Healy, lately attached to the Malwa Bheel Corps, obtained leave of absence, on Medical Certificate, from the 28th April to 21st May last."

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Govern-

ment Overland Express, they should request their Correspondents to mark "per Express," and to keep within the limited weight of two tolas; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, without reference to that limit, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

No. 4130.
STEAM TO DACCA AND GOWAHUTTEE
IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 18th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunge,.....	400 "
Dewan Gunge,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case; but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthenware, Beer and Wines, and other Stores, will be carried in another part of the vessel; and to the extent of not more than 25 cubic feet, be charged for at half the regulated rate of Freight; all in excess of this will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, containing Treasure laden in Calcutta, or for which storage is reserved in Calcutta, and which do not exceed in weight 100 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

From Calcutta,

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca ; articles weighing less than 35 lbs. or 17½ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, 2½ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

† Exclusive of the Groom or Keeper, who is to be considered a Deck Passenger, and charged as such according to the usual rate. The Shippers are to supply the food, and be at the expence of making the Stalls.

To any distance beyond,	¾d ditto.

Intermediate ditto Two Pie per mile per thousand.

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—" Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul,	3 hours.
„ Dacca.	4 ditto.
„ Seraj Gunge,	4 ditto.
„ Dewau Gunge,	3 ditto.
„ Bugwah,	3 ditto.
„ Gawalpara,	3 ditto.
„ Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the

Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

A bag of Sugar or Saltpetre ditto ditto Anna 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

By Order of the Superintendent of Marine,

JAS. SUTHERLAND,

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the 1st December, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 14th December 1847, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be com-

petent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertised for Sale.

No. 2.—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1846-47, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity above mentioned, the following quantities more or less of Behar and Benares Opium of 1846-47, will be brought to sale

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Govern-

ment Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gunge,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Sadlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel, and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the 1 beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

Should Freight not be ready for shipment on the arrival of the Boat at the several Stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure taken on a Boat which is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the

Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

Produce of Behar Agency,	Chests 1,830
Ditto of Benares ditto,	" 780

Total Chests, ... 2,610

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M.; but if at that hour any of the lots advertised for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertised, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of

the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock of the afternoon of Wednesday, the 1st December 1847; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all loss and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 1st December 1847, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the 1st December, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 14th December 1847, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in

Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1846-47, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shown to the Purchaser on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that

may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity above mentioned, the following quantities more or less of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:

19th.—It is hereby further notified, that under the 6th Article of the convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of His Majesty the King of the French, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the Twelve Sales, in the months of November and December 1847, and January, February, March, April, May, June, July, August, September and October 1848, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the season within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned the entire quantity of about 31,815 Chests of Behar and Benares as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the Twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay

for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

“ Art. 6th.—With regard to the Trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that Article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests herein before-mentioned; the requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette.”

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the limited weight of two tolas; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent

out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 8 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, without reference to that limit, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunge,.....	400 "
Dewan Gunge,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which a separate is reserved in Calcutta, and which do not exceed in weight 50 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

From Calcutta,

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or 17½ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, 2½ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight :

At Burrisaul.	3 hours.
" Dacca.	4 ditto.
" Seraj Gunge.	4 ditto.
" Dewan Gunge.	8 ditto.
" Bugwah.	8 ditto.
" Gowahuttee.	8 ditto.
" Gowahuttee.	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commanders of the Steamers will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertised, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 1st December 1847; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all loss and expences whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 1st December 1847, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 1st December, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 14th December 1847, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first Purchaser

shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent seditious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Pleas and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the years 1846-47, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertised for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity above mentioned, the following quantities more or less of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned the entire quantity of about 31,315 Chests of Behar and Benares as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

“ Art. 6th.—With regard to the Trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that Article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests herein before-mentioned; the requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette.”
